Le "**Log Book of The World**" (LOTW) de l'ARRL est un répertoire qui centralise les logs d'utilisateurs tout autour du monde. Quand deux participants à un QSO transmettent leur logs et que les données correspondent, il en résulte une QSL qui pourra être utilisée pour créditer les diplômes délivrés par l'ARRL comme le DXCC, WAS, WAC etc...

Ces QSL électroniques issues de ce système sont les seules reconnues par l'ARRL. Ceci n'empêche en rien, l'échange de QSL papier traditionnelles pour les collectionneurs!

QSL

eQSL.cc

The screenshot shows a web browser window displaying the eQSL.cc website. The browser's address bar shows the URL www.eqsl.cc/qslcard/index.cfm. The website header features the eQSL.cc logo and the tagline "The Electronic QSL Card Centre".

Navigation links on the left include:

- How do eQSLs work?
- Log In (with input fields for `F8LGF` and `*****` and a `Go` button)
- Register
- Advertising
- About Us
- Help

On the right side, there is a "Site News" section with the following text:

- * On New Year's Day we launched the new eQSLs a...
- * eAward rules being tightened to disallow applying...
- * FREE - Adversary
- Guaranteed status does not...

Below the navigation links is a "Callsign:" search box with a "Search" button. A message below the search box reads: "Welcome our newest member: JBS8671 Kazuo Kaji from JAPAN | Congratulations to our newest recipient" with a Japanese flag icon.

At the bottom of the browser window, a "Connecting..." dialog box is visible, and the Windows taskbar shows the "LOTW.pdf" application open. The system tray displays the time as 10:55 on 31/01/2014.

InBox
A list of new incoming eQSL cards you have not displayed yet.

OutBox
Display and edit your outgoing eQSL log.

Archive
eQSLs you have already displayed or archived.

SelectBox
eQSLs you have rejected.

Manual Log Entry
Manually enter your log, one QSO at a time, and send the eQSLs.

Upload ADIF Log File
Upload an entire log file from your [AQIP compatible logger](#).

eAwards
See if you qualify for the eQSL certificate, the walnut plaque of the eQSL.com, the eQSL™, or other eAwards. Now you can have any of the eQSLs in your InBox or Archive professionally printed onto a postcard and mailed to you!

My Profile
Update your address, country, password, e-mail address, and other fixed information. Set up a new profile for each QTH where you operate a ham radio station, so you can have different cards and participate in eAwards. Attach accounts that belong to you, to share membership levels.

My eQSL Design
Select an eQSL layout style, graphic image, font, text position, colors, etc. List your transceivers, transmitters, receivers, antennas, and other equipment. Or just let your browser log you out automatically when you close the browser.

Log Out

About eQSL.cc
History, technologies, Advisory Board, and other information about eQSL.cc

Select

Style 1

- Graphic Size: 320 x 240 pixel GIF or JPG graphic fixed in upper left corner, remainder of card is white.
- Graphic Choices: You can choose a background image from our library of graphics or upload your own.
- Station Details: All text, including callsign, address, and station details, flows around right side of graphic. Nothing is superimposed on the image.
- QSO Details: QSO details are printed in a shaded area at bottom of card in white space.
- This was our very first Style, and almost nobody uses it anymore, because it looks very primitive.

Login To Club Log

Welcome to Club Log, a free web-based tool for producing DXCC league tables, expedition tools, log search services and most-wanted lists for ham radio. Please login using the form below. You will need to enable cookies in your browser to use Club Log.

Login Form	
Email or callsign:	<input type="text" value="F5LGF"/>
Password:	<input type="password" value="....."/>
<input type="button" value="Login Now"/> Register new account	

If you have registered a Club Log account but cannot remember your password, please [click here](#).

Why join Club Log?

Club Log is not only an expedition log search service, but a [toolkit for all DXers](#).

If you sign up and upload your log, you will be able to track and refine your log and DXing progress more closely. Your participation will also improve the usefulness of the database - for example the propagation and most-wanted charts - and as a result help expeditions to plan their activities in the future.

Did you know that Club Log will completely automate filling in OQRS forms, and show you which slots you need, if you have an account? You can [sign up free anytime](#).

DXpedition Logs Hosted on Club Log

Welcome to the Club Log expeditions homepage. On this page, a summary of all current and past expeditions hosted on Club Log is available to browse, and you can track the latest updates from current expeditions. Club Log is a free service developed by Michael G7VJR and Marios 5B4WN.

- Since this service was first started 21,065,907 searches have been performed.
- If you would be interested in using this service for your next expedition, [click here for guidelines](#).
- If you are a registered Club Log user, you can [search all of these logs simultaneously](#).
- There are RSS feeds for each log, or you can subscribe to a [single feed of all log updates](#).
- You can follow [G7VJR's twitter stream](#) to get an update whenever an expedition log is added.
- There is also a [Super League](#) with a leaderboard of all expeditions worked in the last 12 months

[Complete expeditions list available here](#)

La technologie révolutionnaire d'échanges de QSL !

Ne pensez plus à la perte de temps et au coût élevé pour imprimer des QSL, les remplir et les expédier !

Plus besoin de remplir vous même les cartes QSL ou d'imprimer des étiquettes ! Ne trie plus vos cartes à expédier, ne vous déplacez plus pour envoyer ou recevoir vos QSL bureau.

Vous payez seulement pour le nombre de cartes utilisées, sans en gaspiller.

Ne perdez pas de temps, profitez de vos activités radioamateurs et ayez du plaisir à recevoir des cartes QSL en vous débarrassant du fardeau de les remplir.

[Apprendre davantage >>](#) [Enregistrez vous maintenant >>](#)

Nouvelles & Announces:

Nous sommes heureux d'annoncer le gagnant de la meilleure conception de QSL du moins - F6KVP (TMBRC)!

Commencez maintenant ! En trois étapes simples :

1
Créez un compte
Entrez vos indicatifs, votre bureau QSL ou votre manager

2
Concevez votre carte QSL
Téléchargez l'Editeur Graphique et concevez votre design, ou confiez la conception à GlobalQSL.

3
Transférez votre log ADIF
Transférez votre fichier de log au format ADIF, ou entrez le détail de vos QSO manuellement

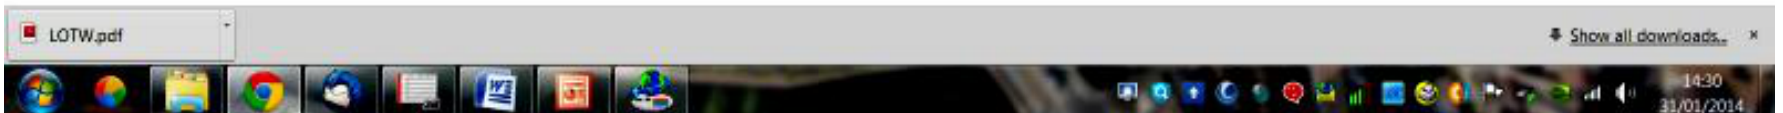

Global QSL s'occupe du reste !

Nous imprimons vos cartes QSL avec vos QSO et nous les envoyons à vos correspondants !

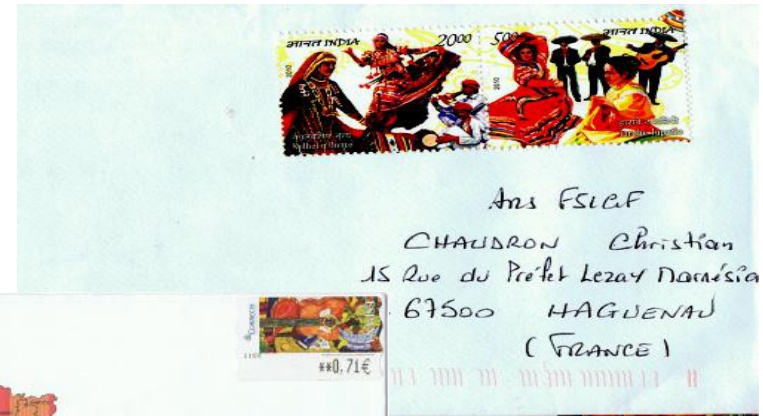

Enregistrez vous maintenant!
